COMMITTEE'S PLAN

BIG CELEBRATION WHEN LIBERTY LOAN DRIVE STARTS

ALL BUSINESS WILL STOP

Stores and Offices Will Close for One Hour When Business Men and Citizens Will Take Part In Parade

Saturday, April 6, the anniversary of the first year of the war and the start of the third Liberty Loan drive, between two and three o'clock in the afternoon, every store, business house and office in Maryville will close and every citizen in Polk township will be expected to devote an hour to taking part in the biggest demonstration and celebration Maryville has ever seen. The celebration will not be in the nature of a jubilation or gala event, but is planned to impress with the seriousness of the stupendous task of winning the war.

Plans for the demonstration and celebration have been turned over by the executive committee to the Commercial Club committee, of which H. L. Raines is chairman, and last night at a meeting details were worked out, subject to approval by the executive committee. A parade will be a feature together with public speaking, band music and other appropriate exercises.

Both committees desire it made plain that the closing order is expected to be observed. The time for sacrifices has come and the merchant, storekeeper or office man who neglects to empty his place of customers or refuses to leave his desk to take part in the celebration will have the disapproval of all patriotic citizens and he will be put in the slacker class.

The plan is in line with suggestions made by Secretary McAdoo and County Chairman W. C. Pierce says it is our first duty to learn to obey orders of superior officers, and the suggestion from headquarters is equivalent to an order to be obeyed.

The Commercial Club committee will meet with the Liberty Loan campaign executive committee this afternoon to present plans for the celebration, following which public announcement will be made in detail of the various events of the day.

Chairman Pierce is asking the Liberty Loan committee in every township in the county to hold such a meeting on Saturday, April 6, as will be held in Maryville, and every member of the committee in Polk township will be asked to assist the members of the Commercial Club committee in carrying out thir plans.

MARCUS NIELSEN TO CANADA

Having resigned his position with the Maryville Conservatory of Music, Marcus T. Nielsen will leave Monday for Regina, Saskatchewan, Canada, where he will be head of the voice department of Regina College, one of the leading institutions in Canada, and having an enrollment of several hundred students. Mr. Nielsen has been connected with the conservatory since last June and has been active in church and civic affairs, having been choir leader at the First M. E. church, a worker with the members of the

Commercial Club and prominent in amateur theatricals and chorus work, and the best wishes of a host of friends here go with him to his new home. Fred Lewis Hakel, also formerly connected with the conservatory, is now instructor in violin at Regina college.

Mr. Nielsen announces his regret at being unable to direct the Oratorio society's presentation of "The Creation," which has been in rehearsal for some weeks, and hopes it may be given under the direction of another.

MRS. BEAVER DIES

Mrs. Elizabeth Beaver, over seventy years old, died at 2 o'clock this morning at the St. Francis hospital following an operation which she underwent a week ago. Mrs. Beaver has for years made her home with Mr. and Mrs. H. C. Lincoln of near Pickering.

Funeral services will be held at 1 o'clock tomorrow afternoon at the Pickering Christian church, conducted by the Rev. Alsup. Burial will be in the cemetery at Hopkins.

COOK IN AIR RAID

MARYVILLE BOY DESCRIBES EXPERIENCES IN FRANCE

BIG SHELLS HIT CLOSE

Falling Within 150 Feet of His Billet It Makes a Hole That Would Accommodate Good Sized House

Cory G. Cook, with the Second Fitld Battalion in France, writes his friend, F. R. Marcell, of his experiences during the many air raids near the battle lines when it's an even chance with life or death. His letter follows:

"Second Field Bat., S. C.,
"A. E. F., France.

"Friend Marcell:—Received another box of tobacco from you a few days ago and guess I had better acknowledge receipt of it. Will say thanks. Was sure glad to get it.

"How is business? Suppose it is good, though, as they are all sending pictures to the boys over here. Made any film lately? Would sure like to be there and help you in the training camps. You ought to get some good stuff. How are the theatres making out? Do they go to see the pictures of the boys in France?

"I hope you will soon be able to see some of my work. I have made thousands of feet and lots of good stuff.

"I have torn my camera down and packed it ready to send over to you, provided they allow me to send it. If not, I'll bring it back after the war.

"We had an air raid night before last. You will never realize the feeling a person has during an air raid until you experience one. Can you imagine having several big planes, each carrying a ton of big shells, flying over you at night, ready to drop, or dropping them on you? That's when you get scared. You can't see the planes, yet they sound as though they were no more than 200 feet above you. You can hear the anti-aircraft guns firing at them and a score of machine guns. Shrapnel bursting in the air gives a ghostly, whistling effect.

"Then you hear the bullets hitting the ground all about you. The plane fires back with a machine gun and then starts dropping bombs. There is some instinct in you to run, which a lot of the boys do (me included), for it's no disgrace to run then, is it? Anyway, you beat it to a dugout and you get as far back in the corner as you can and shake (from the cold, of course). After the firing is over you venture out and get nerve enough to go back to bed.

"A person wouldn't mind it so much after he is in bed, only it is so cold—for a fellow don't like to get out of a warm bed and search for a hole to crawl into. It's getting to be a common thing now, though.

"The morning after the raid we went out to see the damage. No bulidings were wrecked and the town was missed entirely, but one bomb dropped only 150 yards from my billet. The hole it made would hold any good sized residence.

"Could sit and write all day of such experiences, but will have to wait until I see you to tell more of them. Have been looking for the Democrat-Forum, but it has not arrived yet. Hope you are well. I never felt better in my life. Give Frank Hart my best regards. Also Dr. Malotte and the rest of my Maryville friends. Don't forget to write.

"Sincerely,
"CORY G. COOK."

APPROVE DAYLIGHT PLAN

Commercial Club Directors Will Urge All Clocks Be Advanced An Hour Next Monday

At the regular weekly meeting yesterday of the Commercial Club it was agreed to recommend to the business men of Maryville that the recently adopted daylight saving plan be observed on the day set by the law, April 1, by moving all clocks ahead one hour. In homes and other places an observance of the new law will also be urged.

Dr. Chas. T. Bell was named chairman of a committee to take up the matter of securing a location for the food demonstration courses being conducted by Miss Bertha Beal of the food administration and to aid in getting the work under way.

It was also announced that invitations had been sent to every merchant in Nodaway county and to a number in adjoining counties to attend the merchants' institutes next Monday and Tuesday to be given by Frank Stockdale. A supper will be a feature on Monday night, the place where it will be held to be announced later.

HURRY CORN TESTS

WITH PLANTING TIME NEAR NO TIME SHOULD BE LOST

THE BELTING METHOD

Normal Agricultural Head Has Practical System That Gives Results at a Glance—Farmers Urged to Test

Those who contend that Nodaway county is not making use of this year's seed corn situation should visit the agricultural department of the Maryville state Normal, the laboratory of the Maryville high school, or County Superintendent Cooper's office in the court house. Seed corn is literally taking possession of the places, but there is still room for more.

Mr. Belting of the Normal school has a practical method of testing seed corn which does away with the use of saw dust and sand. He lays off two-inch squares upon heavy pieces of muslin some two feet square. One layer is placed upon another to whatever depth is necessary to accommodate the kernels that are being tested and the whole is tacked to a piece of oil cloth. In this manner it is possible to test as many samples as needed. The oil cloth retains the moisture so that further watering is not required to keep the test.

"The chief advantage in this manner of testing," says Mr. Belting, "is that one can see at a glance the results of the whole test. It is easy to read, easy to interpret, and is clean. It further makes possible the selection of the tip and butt, half of the ear, for seed, providing that care has been taken in adjusting the kernels on the cloth. Often times ear after ear will show four strong and two dead, and the two dead will appear in the tip half; that half may be discarded. Above all, see that each ear to be planted is tested individually. To be sure, this situation is serious, but there is plenty of time, and even though the corn tests 40 or 50 per cent weak they may be thrown out in the weak and doubtful classes.

Should it be impossible to test at home take your corn to the nearest school, either rural or high school, as the case may be; and make sure that all corn planted will sprout. The nominal charge of thirty cents a bushel, which covers the cost of materials and labor and testing, means nothing when compared to the loss in labor in transplanting and the loss of money upon the whole crop at harvesting time.

ANOTHER BIG LOAN TO ALLIES.

Special to The Democrat-Forum.

Washington, March 26.—Authorization of one billion, five hundred million dollars additional for loans to the Allies during the coming summer McAdooLEIll orashrdleutaoshrdluhr was asked when Secretary of the Treasury McAdoo revealed the additional details of the third Liberty Loan plans to the house ways and means committee today.

ARREST MINISTER AS SPY.

Special to The Democrat-Forum.

Houston, Texas, March 26. — Rev. George E. Mayer, head of the religious work at the Camp Logan Y. M. C. A., was arrested today as a German spy.

Hosick Holmes underwent an operation yesterday at the St. Francis hospital. He is reported improved today.

LOAN 3 BILLIONS

DETAILS OF NEW LIBERTY LOAN ANNOUNCED TODAY

ESTIMATES ARE LOWERED

McAdoo Says That Expenses of Government Not as Large as First Figured — Draw 4¼ %

Nodaway county's quota in the third Liberty Loan will be approximately $750,000, it is announced by County Chairman W. C. Pierce. With the amount and terms of the loan just given out exact figures have not yet been received for quotas in this federal reserve district.

(By Samuel L. Dashiell)

Washington, March 26. — To commemorate the first anniversary of the war against Germany and to provide for enormous financial operations, Secretary McAdoo issued today an appeal to the nation for $3,000,000,000, the Third Liberty Loan. The rate of interest which the bonds will bear has been raised to 4¼ per cent.

The new bonds will be non-convertible, but bonds of the first and second Liberty Loan may be converted into the new 4¼ securities. All over-subscriptions of the three billion dollar issue will be accepted.

McAdoo said expenditures of the United States and the Allied governments had been much below estimates, and that consequently it was not necessary to make the loan larger than three billion dollars.

The Third Liberty Loan campaign, which will run for three or four weeks from the war anniversary, will draw into intensive action the entire civilian energy of the nation. The great drive will be operated through the twelve federal reserve districts and will extend from the central headquarters in the treasury department through cities and towns, by central and local committees, until the appeal for Liberty Bonds will be heard in the smallest hamlet thousands of miles distant. The army of more than half a million volunteer workers has been mobilized and is ready, and they have prepared elaborate plans for a sudden and swift response.

The method in which the country will be kept familiar with the progress of the campaign is novel. The federal reserve districts will require two daily reports form their committees; these will be telegraphed to the news division, which will assemble the items and at definite periods each day, morning and afternoon, a complete story of the campaign to date will be available. These will be flashed over the wires of the country by the press associations and readers of the newspapers will have the latest reports before they are scarcely an hour old.

The necessity for a quick and intensive campaign is evident. The income returns are due the following month (June 15) after the campaign will have closed. The first Liberty Loan was for $2,000,000,000, and while the second loan called for $3,000,000,000, it was oversubscribed, the treasury accepting one-half of the excess, making the loan $3,808,766,150.

HUNS MOVING UP SUPPLIES

After Slight Lull In Gigantic Struggle German Offensive Increased In Volume at Certain Points

Washington, March 26. — Termination of the world's greatest battle is still far from being in sight. All advices reaching here over night and today indicate this fact.

The German offensive, which has slackened in the face of the stubborn Anglo-French resistance, again was increasing in volume at certain points, these reports show. At other places the forces of the kaiser were holding on while endeavoring to move up badly needed supplies.

Officials said the British line had several miles left to fall back before the "dead line" would be reached, beyond which there would be no retreat. Permanent positions, it is known here, are held by enormous numbers of reserve forces who have had no part in the terrible struggle.

No further word has been received from General Pershing regarding the participation of American forces, and only two regiments of engineers, railway and forestry workers are involved.

The tanks are playing the same important part in the battle of Picardy that they did at the battle of Cambrai. The German war office states that "fresh British divisions, supported by numerous tanks, were thrown into the fighting."

HEADS HOME ECONOMICS

Miss Ora McMillen of Topeka High School Joins Normal Faculty, Taking Miss Anthony's Place

Miss Ora McMillen, who has been teaching home economics in the Topeka high school, arrived today to take charge of the home economics department for the spring and summer terms at the state Normal school, to succeed Miss Hettie M. Anthony, now demonstrator for the food administration with headquarters at Carrollton, Mo. Miss McMillen is a daughter of Mr. and Mrs. C. G. McMillen of Pickering. She graduated form the home economics department of the agricultural college at Manhattan, Kansas.

GERMAN LOSS IS APPALLING ---GAIN SMALL

HUN HORDES SENT FORWARD INTO FLAMING FURNACE OF CANNON FIRE

EXPECT BRITISH TO MAKE COUNTER ATTACK

With Huge Reserve Army Allies May Soon Start Offensive — American Troops Are Understood to Be —With the Allied Reserve

London, March 26. — Both British and French offices dwelt on the severity of German casualties in the great offensive still under way, as with utter disregard for human life the German hordes have been sent forward into a flaming furnace of roaring cannon, rifle and machine gun fire. So great are the German losses since the fighting last Sunday that they have been compelled to reinforce the greater part of their fifty-mile battle line.

London, March 26. — The critical hour of the battle of Picardy is approaching. A reserve army is being held behind the rear of the Allies and advices from the front indicated that a strong counter offensive against the Germans might be expected soon.

The Anglo-French forces now hold the strongly fortified positions along the front and are at strategic positions so as to send their fresh troops into the fray at any time.

It is understood that there are American troops in the Allied reserve army.

The French retired from Noyon to previously prepared positions further west on the northern bank of the Oise river, but lines south of the river held firm despite terrific pounding by the crown prince's army.

In spite of the terrific impact from the German troops along the Allied line the Anglo-French front has not been shaken at any point. Where there have been retirements it was done to save useless losses.

London, March 26.—The fighting in the mighty battle in Picardy died down during the night. The British war office reported today that the British have established themselves in new fortified positions east of Roye and Albert. The official statement dwelt on the severity of German losses, calling them "appalling." Information that the British have taken up new positions east of Roye and Albert indicates another slight retirement in those sectors.

Several new auxiliaries were approved last week, the number now being fifty-four, with approximately one thousand workers making Red Cross supplies.

The chapter now has forty-six qualified instructors, most of whom are in service with the various auxiliaries.

The following new auxiliaries have been approved:

Victory, Ravenwood; Mrs. Reuben Swain, chairman; Mrs. H. J. Messbarger, secretary-treasurer.

North Independence, Hopkins; Mrs. Sanford McCorkle, chairman; Mrs. Geo. Allison, Sheridan, treasurer; Mrs. J. S. Dickerson, secretary.

Florence Nightingale, Guilford; Mrs. E. C. Starin, chairman; Mrs. John McKee, treasurer; Miss Hazel Watson, secretary.

Wrestler, Graham; Mrs. Frank K. Miller, chairman; Mrs. Jos. Brown, Bolckow, treasurer; Miss Eva Davis, Barnard, secretary.

Community Workers, Arkoe; Mrs. M. J. Vickery, chairman; Mrs. J. T. Goff, treasurer; Miss Corda Smith, secretary.

Mizpah, Graham; Miss Bessie Lyle, chairman; Miss Dora Schuffskey, secretary-treasurer.

Woodman Circle, Maryville; Mrs. W. R. Tilson, chairman; Mrs. Grace Masters, treasurer; Mrs. L. R. Kelly, secretary; Miss Myrtle Lanning, instructor.

First M. E., Maryville; Mrs. C. C. Corwin, secretary; Mrs. Warren Jones, treasurer; Mrs. Emma Eckles, secretary; Miss Ruth Montgomery, instructor.

Hopeful Workers, Graham; Mrs. C. C. McDowell, chairman; Mrs. Wm. Mountjoy, treasurer; Mrs. Wm. Kleber, secretary.

Dorcas, Graham; Mrs. P. L. Trapp, chairman; Mrs. Taylor, secretary-treasurer.

Auxiliaries of the Junior department sent to headquarters last week the following shipments:

Maryville High School: Two pairs wristlets, one afghan and 50 gauze compresses.

Pickering School: Two infants dresses and one infant's jacket.

Green Valley School: Six children's petticoats.

Ravenwood School: Two knitted helmets, one pair wristlets, seven girls' petticoats.

Mt. Pleasant School: Four girls' petticoats.

Clearmont School: Eight girls' petticoats.

The shipment from the chapter last week included 6,128 surgical dressings, 132 refugee garments and 37 knitted articles, making a total of 6,297 articles.

Hopkins auxiliaries sent in last week 40 paper backed pads, 40 many-tailed bandages and 20 scultetis bandages.

Other shipments from branches and auxiliaries last week were as follows:

Lasher: 550 4x4 wipes.

Country Club: 20 paper backed pads, 80 many-tailed bandages.

Graham: 60 paper backed pads, 205 many-tailed bandages.

White Cloud: 45 many-tailed bandages.

Volunteer Workers, Conception: 74 paper backed pads, 120 many-tailed bandages.

F. F. O. G., Parnell: 360 many-tailed bandages, 80 16x24 paper backed pads, 100 triangular slings, 100 8x4 special compresses; a total of 640 pieces.

Ireland Industrial: 30 oakum pads, 9 split irrigation pads, 50 many-tailed bandages, 20 2x2 wipes, two 5-yard gauze rolls.

The Church and Club auxiliary of Pickering report work done for the first quarter as follows: 3,199 surgical dressings, 36 garments, 86 pillows, 35 knitted garments, 121 miscellaneous articles. Mrs. J. C. Carmichael is chairman of this auxiliary.

Lasher auxiliary sent in last week a splendid shipment of 16x24 paper backed irrigation pads.

Ravenwood sent in a nice shipment including 165 many-tailed bandages, 20 16x24 paper backed pads, 2 sweaters, one pair wristlets, 3 comfort pillows, 16 pair socks.

Burlington Junction's shipment included 80 paper backed pads and 12 infants' garments.

The new work rooms on West Third street are expected to be ready for use, Secretary Merrill J. Alderman says, by next week. The opening has been delayed on account of being unable to secure the labor needed to put the room in readiness.

While it is learned that the chapter officers have decided on a plan for raising definite funds to carry the work along, a suggestion that comes from some of the members, especially the women, might also be acted on. It is this: Let every woman in the county save all the eggs she gathers on Easter Sunday and let them be sold for the benefit of the fund. It is easy, quickly done and the eggs gathered on Easter day would net a nice sum—and every little bit helps.

Chapters in the southwestern division will soon announce motion picture films. "Important Items," says the five interesting films have been prepared and are momentarily expected from national headquarters. These films will be routed through the division as soon as requests are received for them from chapters or branches. A nominal rental fee to cover cost of transportation will be charged. The material available at present is as follows: "Humanity's Appeal," a visualization of Red Cross work among the repatriates at Evian. "Field Service on the Western Front," U. S. official war picture. "In the Ruins of Rheims," "France In Arms," and "French Sailors In Action."

The H. K. G. Red Cross auxiliary held an all-day meeting last Wednesday at the home of Mrs. Will Hantz. During the day a quilt and fifty triangular bandages were completed. Those present were: Mrs. Ira Kelley, Mrs. Jim Lett, Mrs. Charles Florea, Mrs. Will Shelman, Mrs. Will Hantz, Mrs. Warren Bloomfield, Mrs. Will Berkey, Mrs. Everett Florea, Mrs. Ernest Wray, Mrs. Lon Leech, Addie Killam, Nora Bloomfield and Mary Leech. The next meeting will be with Mrs. Ira Kelley on Wednesday, April 3. Every member is expected to be present.

The Penelope auxiliary has made and turned in since last report 84 diagonal bandages, 48 surgical helmets, 52 many-tailed bandages and 2 infants' skirts. At the next meeting infants' layettes will be made, the members of the auxiliary having agreed to donate them to the chapter.

White Cloud auxiliary met last week with Mrs. E. E. Bolin, with eleven members present and made and sent in 100 many-tailed bandages, together with a large box of books collected for soldiers.

The Elmo auxiliary of the Red Cross made 125 many-tailed bandages at their meeting on Wednesday afternoon, March 20, with twenty members present.

A bushel of potatoes donated by E. T. Andrews and sold at auction brought $40. This money will be turned into Red Cross headquarters.

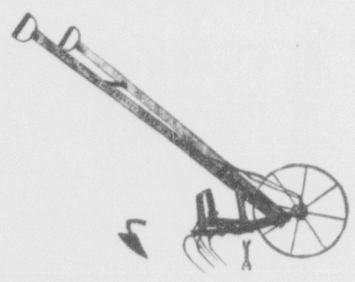
Whether you are a farmer or not—if you have a piece of ground of any size—you can help feed yourself.

The garden will mean a great deal to you before another season—because we are going to need all the food we can raise, and if you can make your garden produce more food you will be helping your nation and yourself.



The handiest tool for the purpose of raising garden—and one that will make it possible to tend a great deal more ground and raise a great deal more food, is the garden cultivator shown above. It has attachments for plowing, seeding, hoeing and cultivating.

We also have a full line of Garden Tools, Seeds, etc.

Hostess at Kensington.

Mrs. Joseph Jackson, Jr., entertained a few friends at a Kensington this afternoon at her home on South Main street in honor of Mrs. William Stickney of Pueblo, Colo., who is visiting her grandfather, Joseph Jackson, Sr.

Entertained Sunday School Class.

Miss Jeanette Tate entertained the members of her Sunday school class of the First Christian church last night at her home on West Third street. Following a short business session was a social hour during which light refreshments were served by the hostess.

Arts and Crafts to Continue.

The Arts and Crafts department of the Twentieth Century club met yesterday afternoon at the home of Mrs J. M. McDonald. The members decided to continue the department and add some new crafts. At the next meeting officers for the coming year will be elected.

Surprised on Birthday.

Mrs. Christian O'Banion of Ravenwood, who was quietly celebrating her seventy-seventh birthday anniversary yesterday at her home, was agreeably surprised when her children and their families and a few friends gathered with well filled baskets to spend the day. The guests included: Mr. and Mrs. Henry O'Banion and family, Mr. and Mrs. Will O'Banion and daughter, Mr. and Mrs. E. E. O'Banion and family, Frank O'Banion, Mr. and Mrs. John Guthrie, Mr. and Mrs. Ed Spoonemoore and two children, Mr. and Mrs. Archie Spoonemore, Mr. and Mrs. Arthur O'Banion, Miss Georgia Marrow and Gleason Womick.

Party for Son.

Mrs. Clyde Avitt delightfully entertained thirty-two little boys and girls from 4 to 5:30 o'clock yesterday afternoon in honor of her little son, Paul Emerson, who was celebrating his birthday anniversary. Various games amused the children. Dainty refreshments of ice cream and cake were served by the hostess, assisted by her sister, Mrs. James Smith. Those present were: Elvoy, Ivan and Mary Lee Brewer, Edward and Peter Dietz, Clara Smith, Ethel and Cleta Murray, Constance, Crawford and Carmen Martin, Emery Murray, John and Virginia Smith, Lola Margaret Nichols, Leland Smith, Helen Morton, Maude and James Masters, Venus and Verno Simmons, Myrtle Simmons, Alberta and Neola Smith, Roy Martin, Jr., Vilas Glover, Gladys, Lucile and Paul Emerson Avitt.

The women of Arkoe and vicinity have organized a Red Cross auxiliary known as the Community Workers. They expect to be ready to begin their new work in a short time. On Saturday night of this week they will hold an auction sale at the Arkoe Methodist church. Everybody is asked to come and donate for the sale. Young girls are requested to bring boxes which will be sold. Sandwiches and coffee will be served.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

CHURCH TO RAISE BIG FUND

Christian Churches In Nodaway County Called On to Aid Men and Millions War Emergency Movement

Beginning next week in the churches of the Disciples of Christ all over the country an emergency drive will be started in an effort to raise $2,250,000 before June 1 to reach the goal of the Men and Millions movement, $6,300,000, and to provide an extra million or two for the immediate relief of the war emergency. Missouri's quota is $250,000; the seventh district, composing twenty-seven counties in northwest Missouri, are apportioned $60,000 and Nodaway county is expected to go over the top with $5,000.

A letter to Rev. C. Emerson Miller of the Christian church, outlining the plans for the drive says:

"The Disciples of Christ in this country find war conditions precipitating an emergency of serious nature upon all their eleemosynary work. Their leaders are moving strongly to meet the situation.

"At this writing state conferences are in progress. A team of eighteen missionaries, college presidents and missionary leaders is touring the country and creating wonderful enthusiasm.

"State apportionments have been made. They are larger than anything the church ever faced before but they are received in a spirit of devoted courage. Reports already in give promise of success. A western church has already secured pledges aggregating five times their total missionary gifts of last year. This is but one of many rays of hope already apparent. The Disciples in this state have held a stirring conference and are already organizing and prosecuting a campaign to reach every member of every church in the state."

You Get Better Cough Syrup by Making it at Home

What's more, you save about $2 by it. Easily made and costs little.

You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You not only save $2 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly.

Get 2½ ounces of Pinex (60 cents worth) from any good drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Here you have a full pint—a family supply—of the most effective cough syrup that money can buy—at a cost of only 65 cents or less. It never spoils.

The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membranes that line the throat and bronchial tubes, and relief comes almost immediately. Splendid for throat tickle, hoarseness, bronchitis, croup and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

"JACK AND THE BEANSTALK"

William Fox, film wizard, decided to make motion pictures especially for children. He waved his magic wand at the Fox Western Studios and lo and behold, there sprung up as if made by fairies, the beautiful, spectacular, age-long fireside tale of "Jack and the Beanstalk."

Everybody knows the story, which has been handed down from the earliest days of the English-speaking peoples as a heritage of delight to the little ones of modern times. It is filmed for children, by children, and will be released by the Fox Film Corporation as the first of the regular monthly "Fox Kiddie Features" soon to be inaugurated.

How many grownups recall the moments of real joy when as a child they listened while someone read to them from a book about the giants and pigmies, the fairies and other wonderful marvels of the make-believe world. Now these wonderful stories are to be visualized by master hands and placed before the delighted eyes of the children of the world.

To more appreciably realize the effect of this announcement one has but to recall the desire, after hearing the tales, to see the pictures in the book—of the giants and dragons and dwarfs and then would come the longing for pictures of the whole story. No one has appreciated this longing more than William Fox, whose love for children has been largely instrumental in the picturing on the screen of these wonderful subjects. "Jack and the Beanstalk" will be at the Empire Wednesday afternoon and night.

Roy David Now In France.

Mrs. S. T. Gile has received a letter from her brother, Roy David, somewhere in France. Mr. David writes he is at present on a seven-day leave and is having a fine time. He is a member of Company E, 26th Infantry.

For Sale

I have for sale two Registered Percheron Stallion Colts coming 3 years old. One is a black, out of a dam weighing 1800 lbs, and sired by a horse weighing 2300 lbs. This colt is a jet black, and will breed black, as the first four sires on either side are black. He has bone, quality and action to give away, and will develop into a ton horse. The other is a very dark steel grey, out of an Imported dam weighing 1800 lbs, and sired by an Imported sire weighing 2000 lbs. This colt is more of the blocky type; a very easy keeper; has splendid conformation and is a real draft horse. He will also make a ton horse.

Either of these colts will go out and do a good year's business and be worth twice as much in a year from now as I am asking for them.

They will be offered for sale at private sale for the next two weeks, but if not disposed of before will positively be sold SATURDAY, APRIL 6, at Hosmer's regular Monthly Stock Sale. They can be seen any time two miles west of Maryville on what is known as the Walter Mutz farm.

Farmers phone 36-18.
